

ATTENTION!

Medicaid Transportation: Upcoming Change to Out-Of-Area/Out-of-State Referrals

Due to programmatic changes effective July 1st, the mileage limit for out-of-area referrals is increasing from 30 miles to 60 miles. Therefore, if a Vermont Medicaid member has a Medicaid-billable appointment at a participating provider 60 miles or greater from their residence, the referring provider will need to fill out and fax the Out-of-Area referral form to DVHA. **As of July 1st, this form is not necessary if the provider is located within the 60 mile limit.**

If the appointment location is less than 60 miles from the member's home, the member is required to call their local broker to set up their ride – with at least 48 hours advance notice.

The form is required for all visits in the 60 mile or greater range for in- or out-of-state. The form can be found at <http://dvha.vermont.gov/for-providers> and needs to be faxed to (802)879-5919 for review. If you have questions, please contact a transportation specialist within DVHA's Provider and Member Relations Unit at (802)879-5930.

Phone numbers for Medicaid's transportation brokers, and areas served:

ACTR – (802)388-1946 – Addison County

CRT (The Current) – (802)460-1195 – Windham and southern Windsor Counties
